A change for the better

The 1983-84 year saw a continuation of changes at McKendree. The college's turnaround began in 1982. Approximately 150-160 students were recruited to the freshman class — the largest in the school's 156 year history. All of the dorms, for the first time in a long while, were completely full, and in 1983 Carnegie Hall was converted from faculty offices back to its original purpose — that of a dormitory. With the reopening of Carnegie, offices had to be relocated. Several buildings around campus were renovated to accommodate all departments on campus. Although the change caused much havoc on upper campus, everyone contributed in working together to get the job done. A new administration worked hard to see that their new ideas and policies were carried out. The change proved to be a success as everyone settled into their area and got used to their new surroundings.

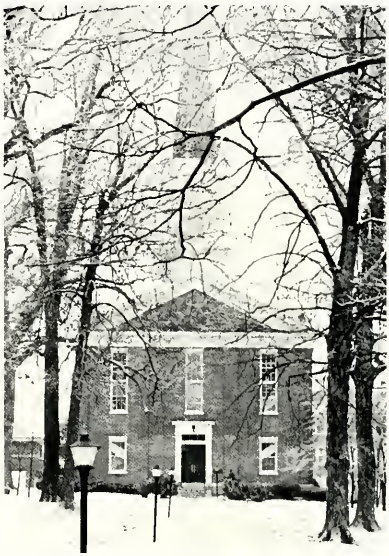
Million Dollar Donation

On Friday, September 30, 1983, the Wildy Hall and Robert F. White Memorial Mall dedication ceremony was held on McKendree College's Lebanon campus. Alexander Wildy donated his farm near Athens, IL to the college in October, 1981. The one million dollar donation was used partly to renovate the Old Science building into much needed office space for campus administration. When asked why he donated such a sum to a college he had no apparent connection with, the 89 year-old Wildy replied: "You can't take it with you, I just wanted to help."



McKendree's Bothwell Chapel

Another very generous donation to McKendree was given by Mrs. Muriel White in memory of her deceased husband, Robert F. White, for the purpose of constructing an outdoor mall area for McKendree's students, faculty and staff. Mr. White was a member of McKendree's class of 1922 and later served on the Board of Trustees in the 1960's.

Mrs. White and Alexander Wildy were present at the dedication and tours of Wildy Hall and the college's expanded bookstore and computer center were given.

McKendree Dedicates Yearbook

McKendrean editors Vicki Seiberlich and Scott Clements with advisor Will Mulvaney have announced that the 1984 McKendrean will be dedicated to the St. Louis Globe-Democrat for its many years of fine service to the St. Louis Metropolitan area. With warnings of closing its' doors after 131 years, Globe publisher Duncan Bauman granted permission for the college to use the Globe's mast head and page titles in their annual yearbook.

PERSPECTIVE

Take Another Look

1983-84 has been a year of many changes for McKendree. While some of the old traditions are still around, many new precedents have been set. The enrollment saw an increase during the 1982-83 school year and an even bigger increase this year. Buildings have been assigned new uses and major renovations have taken place. Although these changes have been occurring, we're not always aware of what is going on around us, unless we are directly involved. Take time to look again, you might just see something . . . interesting!

Right: Freshman Ken Coplen looks on as twins Dave and Kevin McFarland find their true identity.

McKendree Soccer player Greg Bean tries his hand at a new sport.

On a break from classes, Dr. McGuire accompanies a prospective McKendree student (his 2 year old son) to the Greek Week Fair.

J.T. Atwood seems to be happy about moving back into the dorms for the 1983-84 school year after his summer break. (?)

Above: Upper Deneen provides a quiet place for Julie Muskopf to study.
Right: No, this isn't the latest entree served in Ames — Take Another Look, it's Dave Merz in his original, prize-winning costume at the Halloween Costume Dance.

Keep Looking . . .

Above: A look at Lower Campus in the Fall.
Below: NSO member Terri McKinley prepares a cool drink for the new students and their parents as they move into the dorms at the end of a hot summer.
Above Right: Fred Brown and Craig Short relax at the end of a long day.
Right: The ball seems to have disappeared into the sun as Cathy Rea and Don Parker wait patiently for it to drop.
Below Right: The game of Twister is known for it's creation of strange positions, but Connie Maxfield and Mike Mutz have come up with perhaps a new "twist."

Because McKendree is a small college, the students have the advantage of knowing almost everyone. Even though there were over 230 students living on campus this year, the students still seemed to know at least a little about the other students around them. But there were always those that seemed to pop out from no where at the end of the year. — Keep looking for those hiding students.

SPECIAL

Up Where We Belong
1983 Homecoming

Homecoming is one of the oldest of McKendree's annual events. The traditional Homecoming Day Soccer Game, Parade, and the evening Queen's Coronation took place once again. Although the weekend was plagued by Fall rains, there were clear skies just long enough for the Bearcat Soccer Team to finish their game, and for the parade to make its way through Lebanon. The rain still didn't hamper the spirit and excitement of the weekend.

Parade and Game

The 1983 Homecoming was held October 22, 1983. The day began with the annual Homecoming Parade with Alpha Omega receiving the award for best parade entry. Next came the soccer game against SEMO. The Bearcats were defeated 3-0. The last event and climax of the day was the Homecoming Cornation and Dance. It was held at Buckley's restaurant in Fairview Heights.

Homecoming Queen's Coronation

The Homecoming Queen's Coronation Dinner and Dance was held at Buckley's Restaurant again this year. Dinner was served, then followed the coronation. A dance ended the evening with music by "Griffin." The Homecoming Attendants were elected a few weeks before that weekend. There was a tie for the freshmen: Debbie Nitz and Heidi Wessel. Connie Maxfield was chosen to represent the sophomore class and Bonnie Droste was nominated by the junior class. The three senior Queen candidates selected were Diane Davis of Cahokia, Vicki Seiberlich of Highland, and Jo-Ann Summers of Smithton. Retiring Queen, Jean Scheller passed on her crown to Jo-Ann Summers; the 1983 Homecoming Queen.

Switch . . . McKendree's First Sweetheart King

For the first time in the recorded history of McKendree, a King was elected. The girls of Barnett second decided to switch the role of Homecoming and pick their perfect male representative of McKendree. These clever girls sponsored a Valentine's Day Dance and Sweetheart King Coronation which was held on February 14, 1984. The student body nominated five males: Junior, Jeff Edwards; Sophomore, Roger Kingston; Freshman, Kevin McFarland; Sophomore, Dave Merz, and Sophomore, Dave Mordhorst as their Sweetheart King Candidates. The evening began with a dance (with music provided by "Austin Renegade") and ended with the King's Coronation. Roger Kingston was crowned McKendree's Sweetheart King.

Approximately 500 high school students from 18 area schools participated in McKendree's Invitational Model United Nations that is held biannually on the Lebanon campus. As the spring session speaker the Model UN sponsored Sylvia DeSilva from the United Nations in New York. Ms. DeSilva spoke on disarmament issues and participated in a question answer session. The spring session was the largest Model UN conference in McKendree's history. Since 1972, when the Model UN program was introduced on campus, the McKendree Invitational Model UN has grown from 75 high school participants to 500 in 1984. The Model UN is planned and conducted entirely by McKendree students. The 1983-84 program was directed under the supervision of Secretary-General Ron McCaskill.

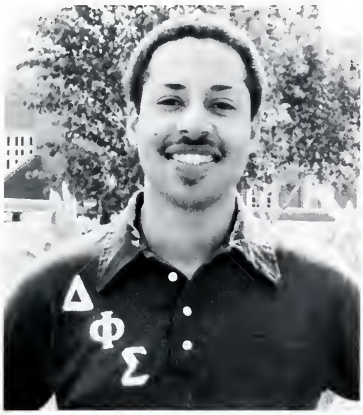
Delta Phi Sigma



Delta Phi Sigma was founded in 1966 to fill what its charter members felt was a social gap on the McKendree campus. Adelphi strives to promote throughout the campus and the local community an involvement in social activities. On May 3, 1984 Adelphi celebrated its 15th year as a chartered social-service society.

Above: Members of Adelphi are: (floor) Alumni Thumper Smith (1st row l to r) Jerry Thomas, Michael Myers, Bill Murphy, Pat McDermott, Michael Tockstein, Mark Hubbs, Eric Weigers (2nd row) Alumni: Jim Johnson, Advisor Dr. Pat Folk, Tracey Miller, Jim Ford, Gray Alberter, Bill Parkin, Michael Reddy, Todd Reigle, and Jeff Brazil.

Phi Rho Chi

Phi Rho Chi Social Service Society was founded in the spring of 1963. The men of Ferox stress brotherhood and strength through unity. The society sponsors various social events and service projects throughout the year.

Ferox officers are: President — Mike Mutz, Vice President — Dave Mordhorst, Secretary — Rick Stumpe, Treasurer — Barry Wesselmann, Pledge Master — Greg Bean.

Pi Lambda Tau

The Platonian Social Society, founded in 1849, is the oldest Social Society west of the Alleghenies. Because of its state charter, Plato is a recognized corporation by the State of Illinois. The BS'ers sponsor many social events throughout the year, including weekly gatherings at the "Rock Pile" for those interested in geology.

Officers are: President — Paul Seiberlich, Vice President — Dave Merz, Secretary J. T. Atwood, Treasurer — Jerry Farris.

Above: Members of the BS'ers are: (1st row l to r) Dave Merz, Tracy Hickam (2nd row) J. T. Atwood, Jerry Farris, Roger Kingston (3rd row) Paul Seiberlich and Chris Sirtak.

A change for the better

The 1983-84 year saw a continuation of changes at McKendree. The college's turnaround began in 1982. Approximately 150-160 students were recruited to the freshman class — the largest in the school's 156 year history. All of the dorms, for the first time in a long while, were completely full, and in 1983 Carnegie Hall was converted from faculty offices back to its original purpose — that of a dormitory. With the reopening of Carnegie, offices had to be relocated. Several buildings around campus were renovated to accommodate all departments on campus. Although the change caused much havoc on upper campus, everyone contributed in working together to get the job done. A new administration worked hard to see that their new ideas and policies were carried out. The change proved to be a success as everyone settled into their area and got used to their new surroundings.

New students, Kevin Edwards and Stacy Jackson get to know each other a little better while passing a lifesaver in the Almost Anything Goes Contest, during New Student Orientation Week.

Million Dollar Donation

On Friday, September 30, 1983, the Wildy Hall and Robert F. White Memorial Mall dedication ceremony was held on McKendree College's Lebanon campus. Alexander Wildy donated his farm near Athens, IL to the college in October, 1981. The one million dollar donation was used partly to renovate the Old Science building into much needed office space for campus administration. When asked why he donated such a sum to a college he had no apparent connection with, the 89 year-old Wildy replied: "You can't take it with you, I just wanted to help."

Another very generous donation to McKendree was given by Mrs. Muriel White in memory of her deceased husband, Robert F. White, for the purpose of constructing an outdoor mall area for McKendree's students, faculty and staff. Mr. White was a member of McKendree's class of 1922 and later served on the Board of Trustees in the 1960's.

Mrs. White and Alexander Wildy were present at the dedication and tours of Wildy Hall and the college's expanded bookstore and computer center were given.

McKendree Dedicates Yearbook

McKendrean editors Vicki Seiberlich and Scott Clements with advisor Will Mulvaney have announced that the 1984 McKendrean will be dedicated to the St. Louis Globe-Democrat for its many years of fine service to the St. Louis Metropolitan area. With warnings of closing its' doors after 131 years, Globe publisher Duncan Bauman granted permission for the college to use the Globe's mast head and page titles in their annual yearbook.

NSO
an offer you can't refuse

For the second year in a row, Student Affairs and Admissions combined to provide new students with an excellent opportunity to meet other new students and get acquainted with McKendree. A team of 14 McKendree students were chosen to plan activities and to help and guide the new students through their 1st week. The New Student Orientation Commitee for 1983 consisted of: Sonnie Botwinski, Scott Clements, Lisa Crumley, Bonnie Droste, Jeff Edwards, Robbie Hale, Maggie Herr, Connie Maxfield, Terri McKinley, Nadine Nuzzo, Vicki Seiberlich, Craig Short, Tim Stanberry, and Jeff Trammel.

A variety of activities were planned for the week. A dance was held featuring the local band "Scanners". The students spent a day at the Bi-County Y.M.C.A. testing their strength and agility, and establishing a feeling of trust in each other. The N.S.O. Committee served a formal Italian Dinner, and an Almost Anything Goes Competition was held in the gym. The students seemed to find out more about each other than they really wanted to.

Overall, the N.S.O. Committee put together an entertaining and informative orientation which allowed the students to start the year off in good fashion.

Resident Directors and Assistants

Formerly known as counselors, Resident Assistants serve as a go-between for the student body and the student affairs office. Every floor is assigned one Resident Assistant and each building is assigned one Resident Director to oversee the Assistants. Lovingly called RAs and RDs, these devoted men and women take their time to make sure the students are safe and that living quarters are orderly — not to mention their time spent being friends and counselors.

If you had been watching KSDK-TV, channel 5 in St. Louis on Sunday, April 7th, you would have seen three very enthusiastic McKendree art students, Debbie Pullin, Vicki Seiberlich, and Jeff Jones, painting a 1984 Buick Skyhawk at the J.C. Penney entrance inside the St. Clair shopping mall.

Why? From April 5th-7th, teams of students from the St. Louis area colleges and universities, sponsored by Buick and the May Centers Inc., were competing for scholarships by painting Olympic designs on 12 new automobiles. The winners would be awarded a $1,000 scholarship and second place would receive a $500 scholarship. Shoppers and other interested parties voted for their favorite design.

McKendree's Team worked long hours on the color rendition that had to be submitted before the actual painting could begin. On April 5th, the students began transferring their designs onto the white Skyhawks. Both Dave Ottinger and Jim Drake, McKendree's Art directors, were on hand giving moral support and guidance.

On April 18th, Buick issued a check for $1,000 to McKendree College. It was a job well done. McKendree won the competition and "took home the gold"!

Dedication of
Alexander Wildy Hall
and
Robert F. White Memorial Mall

Friday, September 30 1983

McKendree College
Lebanon Illinois

A special dedication ceremony was held at 1:00 pm Friday, September 30, 1984 on the Robert F. White Memorial Mall on the McKendree College campus. The ceremony dedicated both the Alexander Wildy Hall and the Robert F. White Memorial Mall.

In October 1981, Alexander Wildy gave his family farm near New Athens, valued at approximately one million dollars, to McKendree College. The college used a portion of this gift to renovate the 1868 Old Science Hall into much needed office space. The newly renamed Alexander Wildy Hall is serving as office suites for several administrative staffs.

In memory of her husband who was a former McKendree College trustee, Mrs. Muriel White of Laguna Hills, California, donated a substantial gift to create the Robert F. White Memorial Mall located between Alexander Wildy Hall and Pearsons Hall. Mr. and Mrs. White were long-time residents of Sullivan, Il. The mall provides a landscaped area with tables and benches for students, faculty and staff to meet and relax on the upper campus.

Theatre

Under the direction of Dr. David Brailow, McKendree's Theatre Department presented 2 plays throughout the 1983-84 year. The Department went back into operation last year after a long period of inactivity. The plays that were presented this year were: "Lydie Breeze", and "Knight of the Burning Pestle". A traveling Theatre group also presented the short play "Sea Marks".

Those McKendree students involved in this year's Theatre Productions were: Jenny Bailor, Fred Brown, Jeff Cote, Jim Cramp, Dr. Chuck Davis, Dan Kasten, Lori Lowry, Nadine Nuzzo, Dave Prickett, Debbie Pullin, and Bruce Reed. BAC students and instructors involved were: Scott Bramsted, Jack Stokes, Amy Webb and Nancy Webb.

The 1983 soccer team had a year of ups and downs. This year's record of 5 wins, 11 losses and 2 ties can be attributed to a number of season long problems. Perhaps one reason for their dissapointing year was a shortage of players. The Bearcats had only 16 members which limited the number of fresh players to relieve the starters. The team also experienced early season injuries and the roster was subjected to change because of a number of ineligible players. The Bearcats will have some returning members and quite a few new players to start off their 1984 season.

It didn't seem likely that an NAIA District 20 Championship team could repeat or even come close to repeating their, successful, 1982 season. But the 1983 Lady Bearcats proved us wrong. With the experience of eight returning players including Rule, Terveer, Klingelhoefer, Monroe, Junker, Parker, Holzinger and Patton, the team was able to take the NAIA District 20 Championship for the second year in a row. The team advanced to Bi-Districts but lost to St. Ambrose, the team they defeated last year to advance to the NAIA Championship Games. Linda Parker, Lori Junker and Patty Rule were named to this year's All-District Team.

It was a year of rebuilding for the 1983-84 Bearcat Basketball Team. With the loss of 4 starters from the 1982-83 squad, the Cats were off to a rough start. This was mainly attributed to the young and inexperienced players. Returning members, Terry Heern, Dave Mordhorst, Greg Rennegarbe and Paul Seiberlich gained some experience playing together the previous year, but problems arose when newcomers Coplen, Batson and Stumpe were brought in to fill in the team. The Cats had to pull together and learn to work as a squad. Their record improved as the season progressed and the Bearcats proved that it isn't too often a team wins 18 games and ends with a losing season. The squad maintained a spirit of determination throughout the season and ended with an 18-19 record. They are looking forward to the return of a strong nucleus next year and with it, a winning season.

The 1983-84 year brought advancement and a growth in enthusiasm for the Bearcat Cheerleading and Pom Pon Squads. For the first time in recent McKendree history there were more Cheerleaders on the floor at one time than Basketball players. The squad also saw a nice change with the addition of 2 male Cheerleaders. With them the group was able to build new and higher mounts. The squad had a very successful season with the combination of talents and variety of ideas that the girls brought with them from their High School squads. The season was highlighted with a trip to Florida for the Bearcats Christmas Break Tournament in Cocoa Beach.

This year's Pom Pon Squad consisted of 6 Freshmen. Despite their inexperience the girls worked hard and many late hours to create and pertect their routines. In keeping with tradition they performed at the half-times of the Bearcat Basketball Games.

Although often overlooked, the Cheerleaders and Pom Pon Girls worked together to perfect themselves as squads and supported their teams to overall successful seasons.

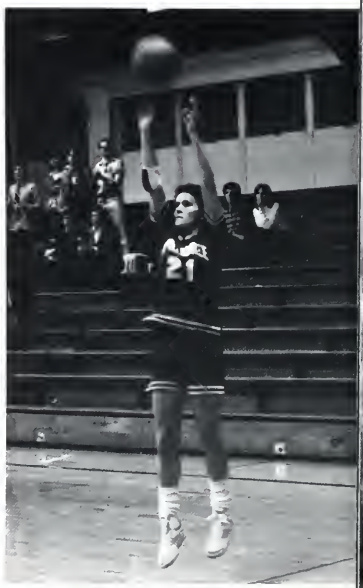
WRESTLING

Under the coaching of Dr. Pat Folk, Wrestling was added to the list of McKendree Sports. A Wrestling team did not exist on campus for quite a number of years. When the idea came up to start the sport, enough students showed interest and McKendree Wrestling became an organized Varsity sport. Even though their first season was not as successful as many had hoped, the team members and Coach Folk were an inspiration to all. Their hard work and determination payed off as they gained experience to carry on into next year's season.

Women's
BASKETBALL



With 10 returning members and a number of new strong players, the Women's Basketball Team took 2nd in State in the NAIA district 20 playoffs. This year's team proved to be one of the most talented teams in McKendree's Women's Basketball history.

This year's Softball Team, ended the '84 McKendree Sports year on a good note. The Lady Bearcats were ranked 6th in the State at the beginning of the year and ended up with a 2nd Place title. They lost to the number 1 Quincy Team in the District 20 Playoffs. Team members Karen Harper and Bonnie Droste were named all-district and Bonnie Droste added to the team's successful season when she earned the title of Academic All American.

Not pictured: Jeff Dosier, Adam Emling, Charlie Jarvis, Kevin McFarland, Dan Netemeyer, Eric Schifferdecker, John Schultz, John Wahlig, Eric Wiegers, and Assistant Coach Mike Dunnigan.

With the loss of six seniors at graduation last year, Coach Van Smith, in his 13th year of coaching, had some tough shoes to fill for his 1984 Baseball season. He had a number of strong returning players and approximately ten new faces. The Cats proved that it could be done. With a final record of 23-13 the Bearcats played, for the 1st time ever, in a championship game. Their successful season ended with a 2nd Place title at the NAIA District 20 Playoffs.

Year In Review

A change for the better

The 1983-84 year saw a continuation of changes at McKendree. The college's turnaround began in 1982. Approximately 150-160 students were recruited to the freshman class — the largest in the school's 156 year history. All of the dorms, for the first time in a long while, were completely full, and in 1983 Carnegie Hall was converted from faculty offices back to its original purpose — that of a dormitory. With the reopening of Carnegie, offices had to be relocated. Several buildings around campus were renovated to accommodate all departments on campus. Although the change caused much havoc on upper campus, everyone contributed in working together to get the job done. A new administration worked hard to see that their new ideas and policies were carried out. The change proved to be a success as everyone settled into their area and got used to their new surroundings.

Phil Neale, professor of Philosophy, takes time during New Student Orientation Week to help a new student plan and prepare his schedule.

McKendrean

Million Dollar Donation

On Friday, September 30, 1983, the Wildy Hall and Robert F. White Memorial Mall dedication ceremony was held on McKendree College's Lebanon campus. Alexander Wildy donated his farm near Athens, IL to the college in October, 1981. The one million dollar donation was used partly to renovate the Old Science building into much needed office space for campus administration. When asked why he donated such a sum to a college he had no apparent connection with, the 89 year-old Wildy replied: "You can't take it with you, I just wanted to help."

Another very generous donation to McKendree was given by Mrs. Muriel White in memory of her deceased husband, Robert F. White, for the purpose of constructing an outdoor mall area for McKendree's students, faculty and staff. Mr. White was a member of McKendree's class of 1922 and later served on the Board of Trustees in the 1960's.

Mrs. White and Alexander Wildy were present at the dedication and tours of Wildy Hall and the college's expanded bookstore and computer center were given.

McKendree Dedicates Yearbook

McKendrean editors Vicki Seiberlich and Scott Clements with advisor Will Mulvaney have announced that the 1984 McKendrean will be dedicated to the St. Louis Globe-Democrat for its many years of fine service to the St. Louis Metropolitan area. With warnings of closing its' doors after 131 years, Globe publisher Duncan Bauman granted permission for the college to use the Globe's mast head and page titles in their annual yearbook.

Milton Berle headlines Founders Day

Whether Milton Berle is being referred to as "Mr. Television", or "Mr. Entertainment", or "Mr. Showbusiness", everyone recognizes the niche he has carved for himself. Two highlights of his career were his Emmy nomination for his dramatic performance in Doyle Against the House and his lifetime NBC contract presented to him for "putting television on the map."

McKendree's Annual Founders Day Celebration was held on April 26, 1984 at Fischer's Restaurant in Belleville. This year's event had a special flavor with the guest appearance of actor-entertainer Milton Berle. The celebrity arrived on campus that afternoon to visit with the students faculty and staff, and took part in a short press conference in Upper Deneen. He was the guest speaker at the Banquet that night. The highlight of the evening came with the presentation of an Honorary Doctorate of Humane Letters Degree to "Uncle Miltie". "Dr. Berle" expressed sincere gratitude and concluded with a wish to return to the 1985 Founders Day Celebration.

OUTDOORS

The annual All School Picnic was held on Friday, May 4, 1984 at Horner Park in Lebanon. The picnic included the traditional activities of softball, volleyball, soccer and various other sports? Entertainment was provided by local bands and McKendree students were able to reveal their hidden skills in a mid-day Talent Contest. The day proved to be a success, as students were able to celebrate the end of another school year.

GRADUATION

On Saturday morning, May 12, 1984, Graduation Ceremonies were conducted on the front lawn of upper campus. The faculty, administration, and staff of the college welcomed parents, family members and friends of the graduating seniors to the ceremony which marked the successful conclusion of the quest for the Bachelor Degree.

Degrees were granted in a variety of fields, including the Bachelor of Arts Degree, Bachelor of Science Degree, Bachelor of Science in Education Degree, Bachelor of Fine Arts Degree, Bachelor of Business Administration Degree and the Bachelor of Science in Nursing Degree.

The Commencement Address was given by Dr. W. Ann Reynolds, Chancellor, The California State University. The speaker was introduced by the President — Dr. Gerritt J. Tenbrink. The 1984 recipient of the William Norman Grandy Faculty Award was Dr. Emerial L. Owen, Jr.

Now thank we all our God With heart and hands and voices.
Who wondrous things hath done, In whom his world rejoices;
Who, from our mothers' arms, Hath blessed us on our way
With countless gifts of love, And still is ours today.

O may this bounteous God Through all our life be near us,
With ever joyful hearts And blessed peace to cheer us;
And keep us in his grace, And guide us when perplexed,
And free us from all ills In this world and the next.

All praise and thanks to God The Father now be given,
The Son, and him who reigns With them in highest heaven,
The one eternal God, Whom earth and heaven adore;
For thus it was, is now, And shall be evermore. Amen.

The Procession

At McKendree College, the academic procession is always composed of the candidates for degrees in course, the faculty, the administration, and certain others who participate in Commencement. The faculty appear in order of rank (Professor, Associate Professor, Assistant Professor, Instructor, Lecturer) with the Professors at the head of the group followed in that order by the other four ranks.

The candidates for degree-in-course represent those who have completed requirements for either the Bachelor of Arts or the Bachelor of Science degree during the 1983-84 Fall Term, Spring Term, and the 1984 Summer Term.

It has become customary for the procession to assemble in front of Stevenson House, the home of the President. The procession then moves through Centennial Gate, up Centennial Walk past the Bothwell Chapel and then into the reserved seating spaces in the southwest area of the campus.

Academic Dress

The attire worn by the candidates for degrees, the faculty, the administration, and others on the occasion of this Commencement has its roots in medieval times. The academic dress has evolved through a long tradition, going back to the medieval universities of Paris, Bologna, Oxford, and Cambridge.

The precise beginnings of the several parts of the academic regalia are hard to determine. Nonetheless, since the medieval students enjoyed the status of clerics during their university years, it has been concluded that their attire found its inspiration in the clerical dress of medieval times. It appears that the gown may be an adaptation of the robe of their friar or priest, the hood of the friar's cowl, and the mortarboard cap of today recalls the skull cap of times when tonsured heads needed protection against the drafty classrooms of medieval times.

When McKendree College was in her seventh decade of existence, academic attire first began to appear in the 1890's in the United States. Its use has now become common for college and university functions and its pattern highly uniform.

THE GOWN. There are three gowns: the bachelor's, master's and doctor's. The bachelor's is a yoked, closed-front garment, with long pointed sleeves. The present master's has long, closed sleeves slit just above the elbow permitting the forearms to protrude. The doctoral gown has full, bell-shaped sleeves. The gown of the doctor is trimmed with velvet panels running down the front and three velvet bars on each sleeve. Black is acceptable trimming for all gowns of the doctor; however, the color of the panels and sleeves may be varied, indicating doctorate held.

THE HOOD. The hood was seemingly first worn over the head and attached to the gown. When the skull cap was introduced, the hood was retained but detached. Today it is worn aroung the neck, draped over the shoulders, and hangs down the back of the gown. Each degree (bachelor, master, doctor) has its special hood, which varies in length, and, in case of the doctor's, in pattern.

The colors with which the hood is lined are those of the institution which granted the degree. McKendree (observe the hood of the honorary degree being granted), for example, is known for the white chevrons on a background of purple. The colored velvet binding on the hood, in different widths for bachelor, master, doctor, may suggest the degree or the major area of study represented by the degree.

THE CAP. The mortarboard has become the generally accepted headdress in the United States institutions of higher learning, whereas many European institutions still retain their own distinctive style of cap. The doctor may wear the gold tassel on his mortarboard. On the other two (master, bachelor) black is perhaps more common, however, the color is often varied.

Although the planning and production did not go as well as hoped for the 1983-'84 **McKendrean**, last minute work and determination helped to make this year's book possible.

I would like to Thank the following people for their assistance in this publication of the **McKendrean:**

Will Mulvaney — **McKendrean** Advisor
Ed Donnelly — Herff Jones Representative
Rob Ariosto
The St. Louis Globe Democrat
The McKendree Review
Todd Turner and Public Relations
Denise Tabor
Chuck Brueggemann
Linda Blumhorst
Jill Weil
Lori Seiberlich
Lisa Crumley

I apologize to those groups or individuals who were unintentionally omitted from this year's book.

VICKI L. SEIBERLICH
1983-'84 **McKendrean** Editor
